## A MESSAGE FROM GREGOR TILCH - JENSEN

At Rio Junior Golf Academy, our vision is to offer an elite program that develops athletes from their early junior years all the way to the professional tour level. Our approach mirrors the rigorous and personalized training we provide to our Tour players. We believe that to achieve greatness in golf, one must train full time and receive individualized attention. Therefore, we maintain a small number of participants to ensure each golfer benefits from a personalized training schedule and regular one-on-one coaching.

Our comprehensive, high-performance training program covers every aspect of the game with the highest degree of precision. We believe that technical training and development go hand in hand with on-course practice. This philosophy allows us to create a unique development opportunity with 24/7 access to our championship golf course.

With this goal in mind, we have created an excellent training guideline together with our well-experienced and successful coaching team to offer continuous improvement. We offer various types of programs to suit different needs, from weekend sessions and after-school programs to full-time, permanent student options. We are committed to developing each player's potential through our unique ability to create an individual pathway to succeed, cutting-edge training techniques, and state-of-the-art facilities.

I invite you to visit us and experience firsthand the exceptional environment we have created for nurturing future golf champions. It would be my pleasure to personally show you around the academy.

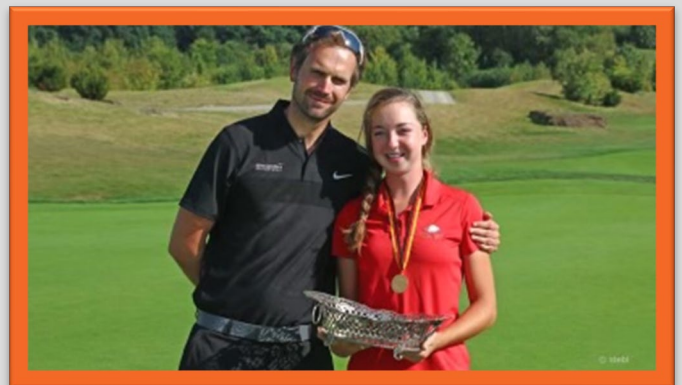

# OUR CONCEPT

At Rio Junior Golf Academy, our concept is rooted in individualized evaluation, recognizing that each player possesses unique strengths essential to their success. We prioritize nurturing these strengths, understanding they are pivotal to achieving victories on the course. Simultaneously, we dedicate ourselves to mitigating weaknesses, leveraging these areas for growth and ultimately optimizing overall performance outcomes. Our approach includes crafting personalized pathway templates, ensuring players maintain and enhance their strengths while addressing areas needing improvement.

Central to our philosophy is instilling a process-oriented mindset in athletes. We emphasize that success is a journey marked by continuous improvement and learning. At Rio Junior Golf Academy, we believe in pushing boundaries and expanding horizons, empowering athletes to realize that the sky is truly the limit in their pursuit of excellence.

# THE RIO ADVANTAGE

Rio Junior Golf Academy offers a compelling reason for athletes to choose our program. We provide a unique opportunity for year-round practice in optimal conditions, featuring covered hitting bays, a dedicated distance wedge area, and a floodlighted Trackman Range. Additionally, athletes can utilize a floodlighted 15,000 sq ft short game facility to practice numerous short game situations. These facilities ensure that weather and seasons do not impede skill development, allowing athletes to train consistently and effectively.

Moreover, Rio Junior Golf Academy boasts a championship course with full access to Rio Pinar Golf, a course with a rich PGA Tour history. This course serves as a dynamic training ground where athletes can hone their skills under the guidance of experienced coaches. Working directly on the course enhances practical learning, strategy development, and tournament preparation, offering invaluable insights into competitive play.

By choosing Rio Junior Golf Academy, athletes gain access to premier facilities and a historic course, setting the stage for comprehensive skill enhancement and achievement in competition.

**“There is not enough daylight to practice” – Ben Hogan**

# OUR FACILITIES

Here at the Rio Junior Golf Academy we live what these legends believe in. We create the best practice environment for you to always be ahead of your competitors.

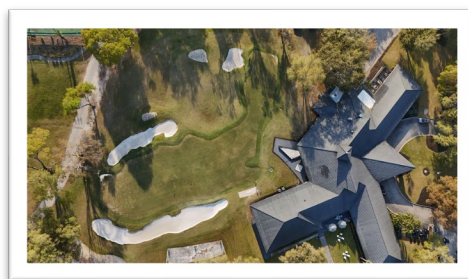

## Trackman Range / Covered Bays

Measure and track every shot on our newly built Trackman Range. Covered hitting bays protect from all weather conditions and flood lights keep you practicing into the night.

## Find Your Touch

Two newly renovated short game greens, including our 15,000 sqft Florida Short Game Complex provides you with the perfect environment to practice every shot. Floodlights make it impossible for darkness to stop you.

## Trackman / Biodynamics Studio

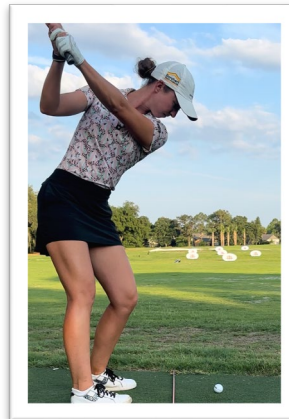

Analyze your game and practice on the highest level. Modern 3D analysis is what the elite are doing and we compare ourselves against the best. Develop your personal swing pattern and measure improvement.

**“The more I practice the luckier I get” – Gary Player**

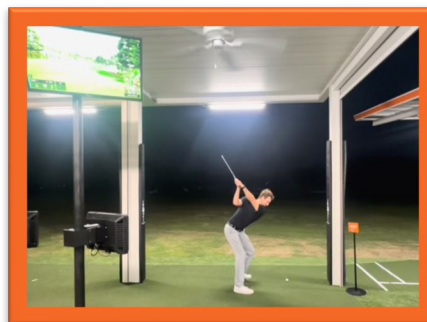

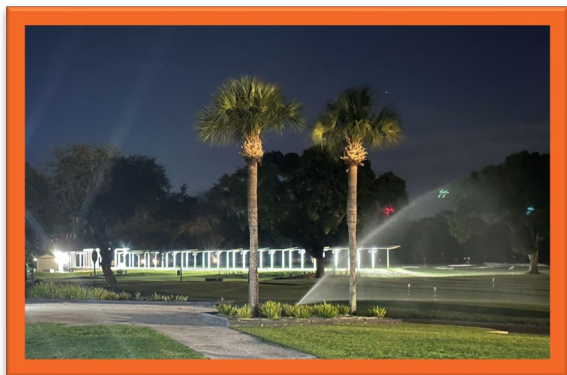

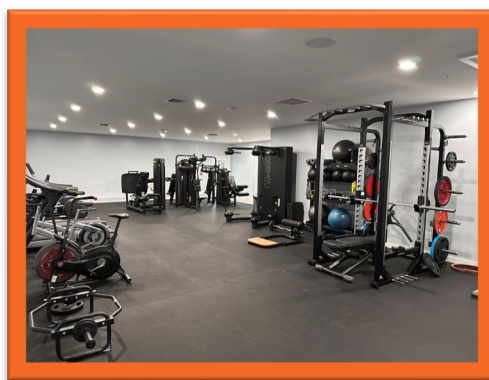

### Driving Range Wedge Course

Improve your distance control by working through our wedge course. Multiple target greens and specific wedge targets give you the opportunity to practice with variability.

### Golfers are Athletes

Our state of the art gym with Techno Gym equipment provides the ideal setup to optimize off-course athletic development. We customize your individual athletic and injury prevention needs based on TPI screenings and 3D data.

# OUR GOLF COURSE

## RIO JUNIOR GOLF ACADEMY

EST.2023

Here at Rio Junior Golf Academy students have full access to the golf course. Rio Junior Golf Academy is an integral part of the golf club and all elite programs come with a junior membership to ensure full access to Rio Junior Golf Academy training facilities and Rio Pinar golf course.

The course itself provides a challenge for even the best golfers, stretching up to 7250 yards/ Par 71 from the tips. Bunker and green renovations, new tee boxes and elevated course maintenance program led by our experienced superintendent Charles Blevins make our course the perfect spot to elevate your golf development.

# ACADEMY PROGRAMS

## Full Time Program

Our Full Year Program leverages the critical summer months for preparation, training, and competition. With a blend of high-level academics and comprehensive golf development, Rio Junior Golf Academy provides the ideal foundation for aspiring collegiate golfers. Students receive daily instruction in full swing, short game, course management, and mental skills, with regular assessments to track progress. On-course training is a pivotal aspect at Rio Junior Golf Academy, allowing for thorough progress monitoring and skill enhancement. Students will practice at Rio Pinar Golf, go to school at Trinity Prep or Faith Academy, and live with host parents and other students.

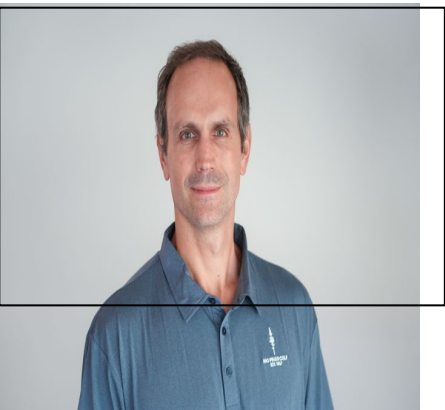

## Post-Grad Program

Our Post-Graduate Program is recognized for its exceptional preparation beyond standard training. This program addresses gaps in physical, technical, and competitive skills, ensuring athletes are ready for collegiate play. Through intense focus on mental fortitude, technical proficiency, and physical conditioning, we transform graduates into formidable competitors prepared to excel in any challenge. On-course training plays a vital role at Rio Junior Golf Academy in refining skills and monitoring progress, ensuring athletes reach their maximum potential.

# LOCATION

Rio Junior Golf Academy is located at Rio Pinar Golf Club in Orlando, Florida, just minutes away from downtown Orlando and in close proximity to Orlando International Airport.

The area is a popular destination for golfers around the world because of its great climate. Ideal weather conditions in the fall, winter, and spring months make Orlando a great destination for elite golfers who are interested in developing their games.

One of Rio Golf Academy's main benefits is its close proximity to Faith Academy. We are located within 5 minutes of our partner school, allowing for short commutes without traffic hassles and more time of the day allocatable towards golf practice.
